

2016 State of Iowa Retiree Guaranteed Issue Right

Since several of the State of **Iowa retiree** health insurance plans will change on January 1, 2016. State of Iowa retirees who are enrolled in Medicare and one of the following retiree plans will qualify for a guaranteed issue right to purchase a Medicare supplement in 2016. If you are a contract retiree enrolled in **Blue Access, Blue Advantage, Gold Preferred, Iowa Select, Program 3 Plus or Deductible 3 Plus** or a non-contract retiree enrolled in **Gold Preferred** you qualify for a guaranteed issue opportunity to purchase any Medicare Supplement plan A, B, C, F, K or L (including Medicare Select or high deductible choices) from any company selling these plans in Iowa. If you are under age 65 you must buy from companies that sell to people on Medicare because of disability.

Your Guaranteed Issue right means that the insurance company:

- Must sell you a policy
- Must cover pre-existing conditions
- Cannot charge you more because of past or present health problems

You have 63 days from the day your coverage ends to apply for a Medicare Supplement policy. To receive this guaranteed issue right you must apply for a policy by **March 3, 2016**.

If you decide to leave the State of Iowa retiree insurance you will have until February 29, to enroll in a Medicare drug plan. However, if you enroll after December 31, 2015 your new coverage will not start until the 1st day of the month after you submit your application.

If you don't join a drug plan and you don't have other drug coverage as good as Medicare's, you may pay a late enrollment penalty if you choose to join later.
